U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL HIGHWAY ADMINISTRATION

SCALE

SCALE FOR INSETS

NOVEMBER, 1970

REVISIONS	
FEATURE	DATE
State Maintained Roads	April, 1971
SR 73A, SR 73B	July, 1972
SR 73A, SR73B	March, 1974
SR 349	June, 1976
REPRINTED	OCT., 1985

This map was compiled from U.S. Geological Survey quadrangle maps, General Land Office plats, aerial photography flown May, 1970, road inventory surveys made in November, 1970, and other map data.

This map was prepared on the Lambert conformal conic projection, North Zone, Florida System of plane coordinates.

The railroad station symbol as shown on this map does not necessarily denote the presence of a depot or sea facility. It may be only a point designated for the receipt or delivery of freight, such as a platform or siding.

Portions of railroads and other secondary symbols are omitted in order to show topography.

City populations are taken from U.S. Census for 1980.

In congested rural areas local roads are indicated by a single line only. For details refer to maps prepared for the county.

No attempt has been made to show all drainage canals and ditches.

1980 Calhoun county population is 5,294.

GRID NORTH AT CLARKSVILLE IS 0°31'36" WEST OF TRUE NORTH
MAGNETIC NORTH IN JUNE, 1971 IS APPROXIMATELY 1°51'45" EAST OF TRUE NORTH
ANNUAL MAGNETIC CHANGE IS APPROXIMATELY 6' WESTWARD
