- 5** SHARKEY-BRUIN-COMMERCE association: Level, nearly level and gently undulating, poorly drained, clayey soils and moderately well drained and somewhat poorly drained, loamy soils that are frequently flooded
 - 6** CREVASSE-UDIPSAMMENTS association: Nearly level and gently sloping, excessively drained, frequently flooded and occasionally flooded, sandy soils

Compiled 1978

Each area outlined on this map consists of more than one kind of soil. The map is thus meant for general planning rather than a basis for decisions on the use of specific tracts.

**GENERAL SOIL MAP
MADISON PARISH, LOUISIANA**
