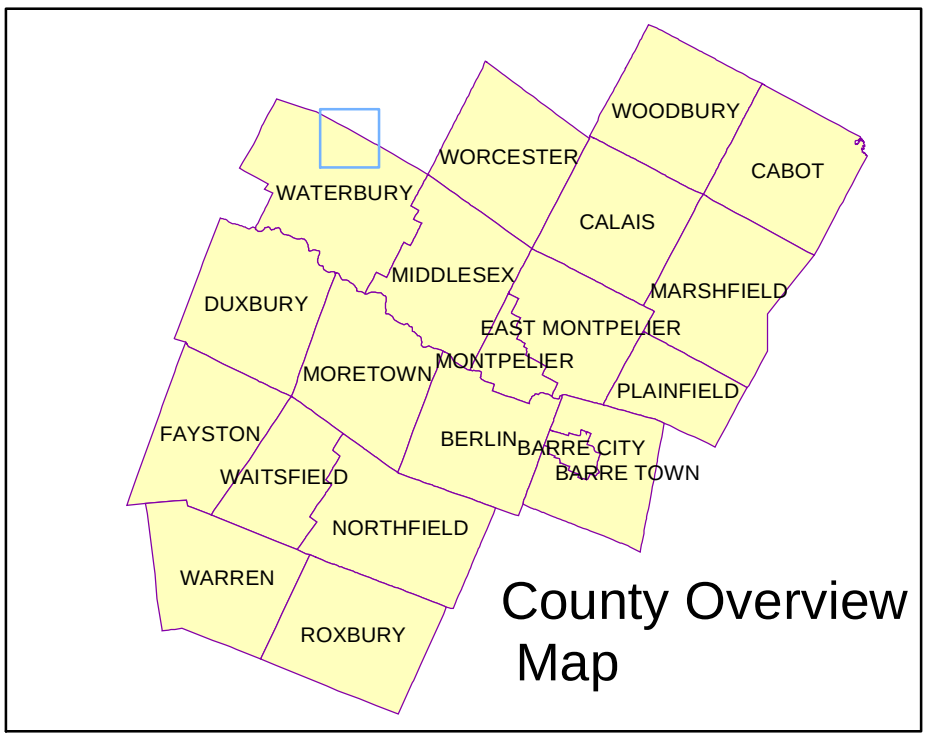
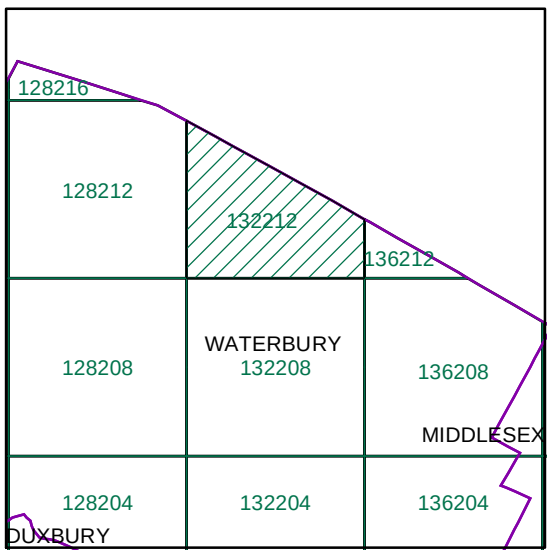
Vermont Atlas Sheet -- 132212

Soil Survey Washington County, Vermont




The source of the base map imagery is the Vermont Mapping Program. Each Vermont map sheet is a 4000 meter by 4000 meter grid in the Vermont Coordinate System NAD83. The intended publication scale is 1:20,000. This requires the use of TABLOID size paper (11inches x 17 inches) to print this map at the correct scale.
